Register now: olgarech@carrotcakeclub.com / 06 48 72 63 31

In the first week of our summer camp, we will become sea adventurers as we dive into the exciting world of the ocean. In the second week, we will turn into space explorers, lifting off on a voyage of discovery of the universe.

Your child will be given 2 books to read (available as E-Books), a few days before the start of the camp. During the camp, we will be engaging in some fun and interactive activities around these books and their themes. Your child will be given short reading and writing assignments, such as mini book reviews, sea/space explorer diaries, worksheets about the setting and the characters etc. In class, we will also discuss some fun facts on the theme and practice our speaking skills.
