CHILDREN AROUND THE WORLD

We will travel across the globe and look into children's lives in different parts of the world. We will learn about different ways of living, eating and playing, and will explore cultural differences and similarities. Throughout the week, students will enrich their vocabulary on such topics as family, home, food, clothes, body parts and toys.

Throughout the week, we will read different fairy tales while focusing on creative activities and drama that can develop our five senses.

AND THEY LIVED HAPPILY EVER AFTER: FAIRY TALE DRAMA WORKSHOP

In this workshop, children will bring fairy tales to life through drama. Throughout the week, we will be playing drama games to learn techniques such as miming and body language. By practicing different fairy tale scenes, students will become familiar with simple play scripts, speaking and reading. Most of all, children will have the chance to become a character in these special stories we all love!
